

JUST WHO ON EARTH IS DOMINIC CUMMINGS?

'Why do they all say power's gone to your head?'

The Guardian - 31.08.2019 "On Friday evening a furious Cummings was reported to have told special advisers that he was p....d off ... and ... that anyone who didn't like his management style could f... off".

It now seems that the real options on offer since the 2016 referendum are to remain in the EU or submit to a fascist dictatorship run by a foul-mouthed unelected nonentity from Leave.EU called Dominic Mckenzie Cummings.

What makes it even more repugnant is that we don't even know precisely who Cummings is. Google him and since he left Exeter College in Oxford you may be justifiably concerned. About 25% of his time since 1993 (six/seven years) is effectively unaccounted for: where was he, what was he doing? Who but a buffoon would hire anyone with holes in his CV as big as that? Maybe the CV the buffoon saw had no holes in it or more likely he never read it.

Maybe Cummings was working undercover in an asylum or was otherwise detained. Perhaps it was all so secret that plebs like the UK electorate can't be told. Since the electorate pay him, even if unelected, his full CV should be visible to the public.

Will anyone in No.10 or the Kremlin dare to publish his CV (in English not Russian)? Of real interest are the years 1994/97 and 2005/07 inclusive.

So just what has Dominic Cummings, a self-confessed Russophile, been up to in the past? I asked not dissimilar questions in September 2019 - please see <https://lnkd.in/d2C2Yhw> and <https://lnkd.in/djEjpNZ>.

On 2 and 3 November 2019 over a dozen established newspapers and media outlets reported that a whistleblower had raised some of the issues (referred/alluded to in my articles) with Emily Thornberry, Shadow Foreign Secretary. She wrote to the Foreign Secretary Dominic Raab, copy Sir Mark Sedwill (the Cabinet Secretary/National Security Adviser), Andrew Parker (MI5) and Alex Younger (MI6) to demand explanations.

Unanswered questions about Putin and Russian interference in British politics and Brexit just won't go away. In the meantime, just focus on who gets what donations from Russia with love at <https://lnkd.in/dr4hxHd>

This saga may impact the election. Watch it unfold here. Please also see <https://lnkd.in/dXki6w5>.
